

## Don't Envy a Beautiful Home— MARTIN-SENOUR FLAT WALL PAINT

Its soft color tints give the most beautiful and refined decorative effect at the very lowest cost.

It is an oil paint for flat interior decoration. It is on plastered walls, over wallpaper, on wallboard, interior woodwork, on linings, on metal surfaces, and may be used on window shades to make them harmonize with other decorating.

"NEU-TONE" is an Oil Paint, WITHOUT GLASS—easily, washable, durable, and its color is permanent and especially adapted for use in every room of the simplest cottage or the most luxurious mansion.

"NEU-TONE" is easy to apply

It works well under the brush, trowel and roller perfectly, without a trace of streaks or brush marks, producing a soft, even, and with great depth of color that is most pleasing and very useful to the eye.

It is a perfect wall paper, and its color is permanent and its texture is soft and beautiful appearance.

The MARTIN-SENOUR Co. Limited  
Makers of 100% Pure Paint  
WINNIPEG

must be paid in advance.

THURSDAY, MAY 20th, 1926

ON THE BACKS OF THE WORKERS

England's general strike is over.

With the exception of the miners,

all the millions who have been out

have gone back to work.

It is not a complete victory for

either side. Whatever concessions

have been made, the fundamental

problem of the basis of the trouble

has not been solved, nor even touch-

ed.

What is really wrong in England

is that they are trying to lead on

the backs of the working classes

what America is leading on to

machines.

Men, women and little children,

no matter what long hours of

work, can no longer compete with

modern machinery. And no longer

can coal compete with electricity.

Twenty years ago was the age of

coal. Yesterday was the age of oil.

Today is the age of electricity.

England is four or five decades

behind in motor power, several dec-

ades behind in research, and since

this retarded progress puts a load

on the shoulders of the workers,

this strike has simply been a re-

lease movement to shake off that

load.

Yesterday in New England they

took 102 working hours to produce

a definite quantity of goods. To-

day, with the same amount of

machines, perfected in the last few

months, are turning out those same

goods in 14 working hours.

Englishmen must learn that the

value of a day's work is not in the

number of hours worked, but in the

production, not the hours worked.

If the coal workers of England got

the entire value of the coal produc-

tion, in some English mines, they

would still have to work normal

hours and take reduced wages to

meet the competition of machine-

made coal.

What applies to England, applies

to Canada.

We must learn and

accept the sound of output. If we

want to enjoy the fruits of mass

production, we must accept the

sound of output.

Mass production, with a consequent

scientific progress in equip-

ment, raises the standard of living

and brings social progress.

Production, without the aid of

scientific progress in equip-

ment, is the standard of living and

brings discontent and revolution.

MURDER KNOCK

Justice Marcus Kevanish of the

Chicago Criminal Court announced

last week that a comprehensive

murder survey of United States had

revealed the fact that out of 170,000

murders committed in that country

during the past twenty years, only

34,000 had been executed.

Some 14,000, the justice finds, are

in prison. A full 115,000 are enjoy-

ing life, liberty and the pursuit of

happiness.

These 115,000 free murderers are

a greater menace to the continent

than an epidemic of cholera or

rabies, plague. For they have

within themselves the seed of law-

lessness and crime that will

sprout for generations to come.

The murder record of United

States has been built up, just as

murder cases have increased, in

## BUY AT HOME SPEND YOUR MONEY IN MACLEOD

Purchases representing thousands of dollars are lost to us, to our trade, to our clerks and employees, to our laborers and artisans, to all the people of Macleod who exist on the products of their work. This money, if spent at home, would help to recreate Macleod financially, give a wider field of activities in business, would be helpful to every resident of this town.

If we purchased regularly from local merchants, this money would circulate in Macleod in a welcome manner. Our merchants merit our patronage; it is to our interest, and the duty of all of us to encourage the local merchant. He is one of us, he lives among us, he has the right to be encouraged by us, he is anxious to have our custom, and to give us satisfaction. We should under all circumstances give him preference, price for price, quality for quality. And nearly always the price that our local merchant asks is, if we compare the quality, just as cheap as that of the outside merchant.

Never purchase merchandise by catalogues from foreign houses before assuring yourself that you cannot procure the same articles of the same quality (and frequently of better quality) at the same price from your local merchant.

## BUY AT HOME

## THE RESOURCES OF AN EMPIRE!

## For Present and Future Development in the Province of Alberta

**D**AME NATURE has been kind to the Province of Alberta. No Province of Canada occupies so strong a fundamental position as Alberta, with its great wealth of agricultural and other resources, the development of which has only just begun. Surely then, with so sure a basis for faith and confidence in the future, the people of Alberta need not hesitate to face the problems that arise, nor to join in the shoulder-to-shoulder movement for the intelligent promotion of the development of these great resources. Knowledge of these resources is all that is necessary to create confidence. It is for this reason that this newspaper presents below a brief review of Alberta's wealth and possibilities.

### 20 Years of Progress in Alberta

	1905	1925
TOTAL VALUE AGRICULTURAL PRODUCTS .....	\$20,000,000	\$256,000,000
WHEAT PRODUCTION (Bushels) .....	3,000,000	103,000,000
DAIRY PRODUCTS (Value) .....	\$1,000,000	\$23,000,000
COAL PRODUCTION (Tons) .....	931,000	5,800,000
MILES OF RAILWAY .....	1,000	4,800
POPULATION .....	200,000	640,000

**AREA**—254,000 square miles, twice as large as the British Isles, larger than France or Germany. Population 2.3 to the square mile, compared with 389 per square mile in the British Isles, 184 in France and 328 in Germany.

**AGRICULTURAL LANDS**—More than 60,000,000 acres of fertile lands capable of cultivation still untouched.

**FREE HOMESTEADS**—More than 15,000,000 acres of land still open for free entry.

**IRRIGATION LANDS**—One million acres now under irrigation, three million more capable of irrigation.

**COAL**—Largest coal resources of any similar area in the world. Alberta has 14 per cent. of the world's coal reserves; 72 per cent. of the British empire coal reserves and 87 per cent of Canada's reserves.

**NATURAL GAS**—Four large fields now operating, supplying four cities and several towns with gas fuel.

**OIL**—Two producing fields, one containing the richest producing oil well in the world, bringing in 15,000 barrels monthly of almost pure

naphtha in the Turner Valley. In the Wainwright field wells producing 80 to 150 barrels a day crude petroleum, other wells promising. Other fields being developed.

**TIMBER**—60,000 square miles of merchantable timber, including 270,000,000 cords of pulpwood.

**TAR SANDS**—15,000 square miles of rich tar sands, suitable for paving material or oil extraction.

**OTHER MINERALS**—Include salt, bentonite, clay for ceramics, building stone, etc.

**WATER POWER**—Utilized and available estimated at 1,750,000 horse power.

**FISHERIES**—Extensive commercial fish possibilities. Annual production valued at \$400,000.

**FURS AND GAME**—Annual value furs and game over \$2,000,000.

**TOURIST ATTRACTIONS**—Three big mountain parks; including some of the most famous mountain resorts and scenery in the world.

This page is published by this newspaper as part of a united effort by the Alberta Press Association to place before the people of Alberta the strong fundamental position of this province, her progress to date, and the great possibilities for the future.

### A SYMBOL THAT MEANS SOMETHING

"Body by Studebaker" — here is a phrase that is rich in meaning to the man who is about to buy a motor car. It means a saving of hundreds of dollars on a car, for Studebaker builds all its own bodies in its own 110,000,000 body plants — and saves middlemen's profits. And it means a car of distinctly original design — a car of unusual beauty with finish and appointments of a quality that is unsurpassed. "Body by Studebaker" is a symbol of quality — a mark of fine craftsmanship that is worth looking for.

## THE WHITE HILL

## LOCAL AND PERSONAL NEWS

J. D. Adams is home from the University of Alberta for the holidays.

J. W. McDonald, K. C., accompanied by Mrs. McDonald, motorist to Calgary on Monday to attend the funeral of Capt. Jos. Shaw, provincial Liberal leader.

Dr. Farnet, W. A. Day, Alex. McLeod and C. E. Tweed were Calgary visitors the first of the week, where they attended the luncheon at Capt. Jos. Shaw, provincial Liberal leader.

Sunday evening next, May 23rd the United Church choir, under the leadership of Mr. Edwards, will give an hour of song and music that will give the hearts of all who will be privileged to attend. The morning service will be by Rev. W. H. Irwin.

Miss Wilma Swinerton returned with her parents, Mr. and Mrs. J. Swinerton, last Saturday from Edmonton, after having successfully completed her course at the University of Alberta, and having received her diploma as Bachelor of Commerce.

The United Sunday School, which meets after the close of the morning service is being well attended, and they are planning for the annual picnic early in July, and the Boys' Camp, which will be held at a date to be set soon after the holidays close.

Mr. Hiram Bates left on Monday last for Kemptonville, Ontario, to attend the funeral of his mother, Mrs. John Mackey, who died suddenly Sunday evening in her 97th year. The deceased's husband pre-deceased her six years ago in his 53rd year. Mrs. Mackey is survived by three children—Dr. R. J. Mackey, of Omeau, Ont.; Mrs. M. A. Cameron, of Kemptonville, Ont.; and Mrs. H. Bates, of Macleod. Mrs. Mackey was to the time of her death which was due to fullness of years.

During the past few days a noted old timer has been visiting Macleod in the person of Mr. Dan O'Sullivan, who until recently was assistant warden at the Prince Albert Penitentiary. Sank, for many years, Mr. and Mrs. O'Sullivan have been paying a visit to their daughter Mrs. Ashley Grey, Macleod. During his short visit here, "Dan," as he was popularly known, met a number of the old members of the Mounted Police, he being an ex-Mountie, having joined the force at the early eighties, and was one of the guards over Riel, at Regina. Mr. O'Sullivan at one time was stationed at Macleod, and coming back after many years' absence, he found a great many changes in the old town and also in the country. Needless to say that when Dan and the other old timers get together, they talk of the ground on his farm have grown up this spring, and show a strong growth—what says Southern Alberta writers—in such thing—simply the rainy season.

Word has been received that Miss Anna Brown, daughter of Mr. and Mrs. E. Fortner Brown, who has been attending the Ontario College of Art since the new year, has won a scholarship in one branch, a cash prize of \$25.00 in another and honors in a third. Alberta has shown up well at the top of a class of seventy-two. Miss G. Hutten, of Calgary, and formerly of Macleod, won a scholarship and another prize and Miss B. McNaught, of Grand Prairie, a scholarship. Miss Brown with other students of the college is now on her way back by train leaving Toronto today (Thursday).

We carry the Nemo Corsets and Brassiers, the best on the market.

## MISS A. M. WILSON

## OBITUARY

### DEATH OF JIMMIE M. BRATTON

The death occurred of John M. Bratton on Sunday afternoon at the Macleod hospital. The deceased was born in Texas 72 years ago, and came to Macleod in the spring of '93 and commenced ranching in the Spring Point district, about 25 miles west of Macleod, that year, where he established the Spring Point ranch with the now well-known brand of "J. Plag". He was one of the best known cattlemen in Southern Alberta and his death removes another pillar from the list of pioneers of the west.

He is survived by two sons, Robert, of Salt Lake City, and Lloyd, of Weyburn, Saskatchewan, and one daughter, Tom, who joined the deceased in the ranching business a few years after it was started.

The immediate cause of death was heart trouble from which the late Mr. Bratton had been suffering for several weeks past.

The funeral of the late J. M. Bratton took place on Tuesday, May 18th, services for the dead being held at the Parish Hall, Macleod, conducted by Brother V. Morrison, of the International Brotherhood. Many local Maons attended the obsequies, and the remains were lowered to their final resting place by a great number of sorrowing friends. Interment took place in the Union Cemetery.

### DEATH OF THOMAS FRANK

On May 13th 1926 an old timer of the Macleod district passed away, in the person of Mr. Thos. Frank, at the age of 81 years. He was born at London Ont., where his father owned and operated a large extensive farm. His family having been broken up and scattered by the war and other causes he came to Macleod about the year 1900 and has been well known in Macleod and surrounding country since.

In 1908 he secured a homestead south of town 15 miles, where he lived until the dry seasons of 1918 and 1919. In 1919 he moved to Macleod where he remained until the fall of 1923, when declining health and rheumatic troubles made it impossible for him to carry on the farm and he came to Macleod in the home of Mrs. G. R. Cohoon who knew him as a neighbor for many years.

He was of a kind generous and loving nature, and was very fond of animals, unkindness or cruelty to them, was most painful to him. He was very kind in all his dealings, no one could ever say that Mr. Frank was an intentional injury or unkind act.

During his illness he was cared for by Mr. and Mrs. Cohoon by whom he was respected and loved for his many good qualities. The remains were sent to Woodstock Ont. where his only remaining sister and other relatives reside.

### WOMEN'S INSTITUTE MEETING

The Women's Institute of Macleod met Tuesday afternoon in the Old Fellows Hall, when about 60 members and friends were present. The meeting was presided over by Mrs. Perry, the convener for the day. After the opening exercises the Roll Call for the day was singing and Cooking. There was a demonstration with the Premier Duplex Vacuum Cleaner. For privilege of demonstrating the Cleaner, the Institute received a bounty of \$2.00 for each of the four members. Mrs. Perry then gave a demonstration of the use of the Vacuum Cleaner which was very successful and considered most satisfactory. The program consisted of solos by Miss Power and Miss Marie Muckle, duet by Morris and Mrs. Bekimer, Poet Dance by Marie Brooks, and piano solo by Mrs. and Miss Hazel McNab. The most interesting part of the program was in connection with the departure from Macleod of the worthy president, Mrs. E. W. Russell. Mrs. Russell has been president of the Institute for many years.

## REACH & COMPANY, Ltd.

GENERAL MERCHANTS—FRUITS AND VEGETABLES

Preserving Fruits will be earlier this year—to prepare your

elves accordingly.

Now is the time to make your list of bedding plants. We have

disposed of one truck load from Franche Bros. Florists Nursery

new, and they are certainly handsome for the price. A number

of van of bedding flowers will be here next week.

ROSEBURY—Women's silk hosiery at the low price of fifty-cent

five different shades. As the tendency seems for the skirts to be

shorter than before we have placed an order for a pure silk

stocking, full length, reinforced toe and heel, with a narrow

shaped heel hose in black, Russian calf, grey and fawn.

Never before in the history of the world has a woman been so

entertained to competition to keep to show off her ankle, leg and

general figure.

SUMMER COATS—What are left it will pay you to examine as

no reasonable offer will be refused.

Women's Slacks, Kid Dress Pumps and other lines from

\$2.50 up.

We have just received three pieces of silk midras for draping.

These and beautiful kindred of soft toned colors is a

marvel of art.

LACE HOSIERY—The intricate pattern is really bewitching and

adds to the beauty and the witchery of Midras' leg.
